disease progresses, a discharge of nameating matter from the throat and nose keeps one continually hawking and spitting.

Catarrh is a most disgusting disease.
The foul mucous secretions that ere constantly dropping back into the atomach contaminate and poison the blood, and is distributed throughout the body, and it then becomes a deep-scated, systemic, persistent disease that must be treated through the blood, for it is beyond the reach of sprays, washes, powders or external treatment of any kind.

S. S. soon clears the system of all Catarrhal matter and purpes the blood of the irritating poisons, thus effectually checking the further progress of this serious and far reaching disease.

Mr. C. C. Voorbies, of Mexico, kill. MADE A MAGNIFICENT ADDRESS AT THE COURT HOUSE ON THURSDAY, OCT. 30.

noon Speaking With a Pointed Speech He Urges Democrats to Vote Both Speakers Well Received.

A spieneid audience of Audrain County Democrats greeted Governor A. M. Dockery at the Court House in this city at 1:30 Thursday, Oct. 30. Gov. Dockery was introduced by Col. Hostetter, Chairman of the Audrain County Democratic Committe, with neat and appropriate remarks. Of course it will be impossible to

give anything like a complete report of the magnificent address which was devoted almost wholly to state issues. He said that in the discussion of these issues it would, perhaps, b secessary for him to criticise the policy and record of the Republica party when it was in power in Mis He did not desire to be under stood as directing this criticism to the Rev. Mr. Anderson, pastor of the rank and file of the party, for he be-M. E. Church, South, of this city, will lieved that the record would not be commended or defended by Republicans in the ranks; hence his criticism would be directed to the leaders.

He referred to the Warner Safe Curcampaign in 1892 and the effort made defeat William Joel Stone for governor. "This effort," said the speaker, "did not avail. William Joel Stone was elected governor as he will be elected United States Senator." He compared the Republican finan cial policy with Democratic management. He showed how the Republican

party had squandered the securities of the State entailing a loss to the people of \$25,000,000. He showed how this burdensom liebt had been gradually wiped out by wise Democratic financiering until To the little of the Ledger only 8487,000 remained unpaid and an- Jacksonville, Ill., Oct. 29, 1902. ounced that this remnant of Re- While here attending the funeral of publican folly would be liquidated my brother-in-law, W.
